3.6 Growth Trend

This is a very rich district of the state in terms of industrialization. The port town of the district has already emerged as the one of the country's major investment hot spot by attracting investment in excess of the tune of 3.5 lakh crores including the Rs 2, 74,134 crore Petroleum Chemicals and Petrochemical Investment Region (PCPIR). The biggest FDI proposal by POSCO, the world's No.2 steel producer, to produce 12million ton steel plant at an estimated cost of Rs.51000 Crores is coming up in the district.

IOC has already come up at Paradip in the district with 15 MMTPA grassroot refinery cum petrochemical complex at an estimated cost of Rs. 25,646 Crores. For this, the state government has given incentives to IOC by exempting entry tax on crude oil and sales tax deferment for 11 years. The IOC already has got the required 3344 acres of land. Railway has also taken up the Paradeep-Haridaspur 82Km broad gauge line to boost the infrastructure in the region. Six laning of NH-5(A) is also going on in a very speed rate. A new all green field road will be built from Bhubaneswar to Paradeep.

The other projects in different stages of implementation are Hydrate Pellets Ltd's six lakh tone hydrate pellets plant at Rs 10,724 crore, Essar Steel Orissa Ltd's six million ton steel plant at Rs 10,721 cr, Deepak Fertilisers and Petrochemicals Corporation Ltd

As many large scale industries exists in the district there exists a very good scope for vendorisation and ancilarisation in the district. Many MSMEs of the district are vendors to these big units supplying a number of items to them. These large scale units are having the vendorisation policy to procure their needy items. Till date there is no great scope for ancilirasation in the district but once the upcoming projects are completed i.e PCPIR and POSCO, there will be a very good scope for ancilarisation in the district.
