Brief Industrial Profile of Barabanki District

1. General Characteristics of the District

It is said that in ancient times this district was part of the kingdom ruled by Suryavanshi Kings whose capital was Ayodhya. This district was also under the ruled of Chandravansi kings for very long period. Many places of importance from the time of Mahabharata also present here like Kunteshwar Mahadev temple known as established by Kunti mother of Pandavas and near temple a special tree called Parijat tree and Kanwariyas Mahadeva.

Before 1858 AD, the district Barabanki was known Dariyabad with its Headquarters at Dariyabad town. It become a part of Awadh or oudh in 1956 AD under the British rule and Dariyabad remained the district headquarters till 1858 AD and later moved to Nawab Ganj (Barabanki) in 1858 AD as headquarters of District Barabanki.

Now days the District Barabanki is one of the four districts of Faizabad division and the district head quarters are situated at the Nawab Ganj Barabanki city. Barabanki district has been known to be a favorite haunt of saints and ascetics, literatures and intellectuals. It was also an important battleground during the freedom struggle against the British. For bringing the whole world under one umbrella, Sufi Saint Haji Waris Ali Shah of international fame motivated people through the message of “**Jo Rab wahi Ram**” i.e. the supreme power, God is one, is the flower of this land. Satnami Saint Shri Jagjivan Das and saint Malamet Shah lit the torch of communal harmony for the country men at large.

Both the Northern and the North eastern Railways pass through this region. Also National Highways 24A, 28, 28C and 56A pass through this region. It is well connected to other cities by means of roadways.

Since the district lies in the plains, it experiences a tropical climate. Extreme conditions are experienced during summer, winter and rainy season. The minimum temperature ever recorded has been 2.5 degrees and highest has been 47.5 degrees.

1.1 Location & Geographical Area.

The district Barabanki is situated about 29 Km. in the East direction of Lucknow of capital of Uttar Pradesh. The District Barabanki is one of the four districts of Faizabad division and it lies between 26⁰30' and 27⁰19' north latitude and 80⁰ 05' and 81⁰ 51' east longitude. The district Barabanki is surrounded by district Faizabad in the East and district Gonda and Bahraich in the North East, district Sitapur in the North-West, district Lucknow in the West, district Rae Bareli in the South and district Sultanpur in the South East. The river Ghaghra forms the North Eastern boundary separating Barabanki from Bahraich and Gonda.

The total area of the district Barabanki is 388587 hectares as per land record 2013-14. The area is liable to vary from year to year due to the slightest change in the course of the river Ghaghra because this slight variation makes a noticeable change in the over all area of the district. The most part of the district is plains.

1.2 Topography

The district Barabanki can be topographically divided in to three main regions, first Tarai region, and the area in North East towards river Ghaghra, second Gomti par region the wide area from South West to South East of district and third is called Har region which is situated at some height to the Gomti par region.

The whole tract is gently undulating land with gentle slope from the North West to South West. The soil structure of the district is composed of alluvial soil, the soil brought by the rivers. The upper belt soil texture is yellowish clay. The basin land of rivers is mostly sandy soil and adjacent to the river is sandy loan.

1.3 Availability of Minerals.

The only minerals of budgetary requirement found in the district is sand which is available is sufficient quantity on river banks and is used in construction works. Moreover the Barabanki district is also noted for its deposits of brick earth.

1.4 Forest

One of the saying is that Barabanki got its name due to excessive forests. But unfortunately today very little land area remains as a token of forest in the district. As of today majority of the forest cover in Barabanki district is on uneven land scape and consists of mixed variety of vegetation mainly bushes. The forest is small and scattered. The total area under forest is approximately 13981 hectares with 29% in the tehsil Ramsanehi Ghat, 27% in the tehsil Fatehpur and 15% of tehsil Haider Garh. Most of the forest cover is on the banks of the river Gomti and Kalyani. In addition to this on 1034 kms of PWD roads in the district are trees on both its sides. The trees like Shishum, Arjuna, Kanjikhair, Saagaun, Subabul, Neem, Eucalyptus, Babul, Karuju, Gold Mohar, Kesia, Akesia Mango tree and Jamun tree are found in sufficient numbers.

1.5 Administrative set up.

The district administration is headed by the District Magistrate and it has been divided in to six Sub-Divisions popularly known as Tehsils and tehsils are under the charge of Sub-Divisional Magistrates. As per 2013-14 data in the district Barabanki, there are total 1841 villages, out of which 1820 inhabitant villages and 21 uninhabited villages. In 2013-14 there are 14 towns and cities having 1 Nagar Palika Parishad and 11 Nagar Panchayats. The district is also Sub-divided into 15 Developments blocks headed by BDO, which are carry-out the developmental schemes on the behalf of Government. The law and order administration is jointly coordinated by the District

Magistrate and the Superintendent of Police. The district is subdivided into 22 Police Station / Thanas.
