MAP OF GOALPARA DISTRICT

Brief Industrial Profile of Goalpara District

1. GENERAL CHARACTERISTIC OF THE DISTRICT

The present Goalpara district was created in the year 1983 with two sub-divisions viz Goalpara Sadar sub-division and North Salmara Civil sub-division, carved out from erstwhile Goalpara district. However, the same was again reconstituted in the year 1989 with only Sadar sub-division of Goalpara and the Civil sub-division of North Salmara was taken away in that year and merged with newly created Bongaigaon district. At present the district of Goalpara is situated entirely on the south bank of the river Brahmaputra. The district covers an area of 1,824 sq. km. and is bounded by West and East Garo Hill districts of the state of Meghalaya on the south and Kamrup district on the East, Dhubri district on the West and mighty river Brahmaputra all along the North. The climate in the district is moderate during the winter and in summers it is hot. Rain makes its first appearance in the month of April with occasional and irregular light showers and at times heavy downpour followed by cyclonic storm. The irregular rainfall continues up to the end of May. This rain occurs due to the influence of North-Eastern wind Monsoon rain normally begins from the early part of June and heavy of very heavy rains occur in the district till the month of October. The maximum temperature is 33 C during July and August and the minimum temperature dips down to 7° C in the month of January. About 80% rainfall is from South West monsoon.

The district is primarily agrarian as 90 % of the population depends for their livelihood on agriculture. The district is industrially backward and there are no existing industries. It was a land locked district with poor transport and communication facilities till the opening of rail come road bridge, the Narnarayan Setu, over the River Brahmaputra. It is also expected that the proposed Industrial growth Centre at Matia (near Sainik School, Goalpara) will give a boost to the development of industries in the district.

1.1 LOCATION & GEOGRAPHICAL AREA

The district of Goalpara is situated on the South bank of river Brahmaputra. The district covers an area of 1,831 square kilometers and is bounded by West and East Garo Hill districts of Meghalaya on the South and Kamrup District on the East, Dhubri District on the West River Brahmaputra all along the North. The road net work in the district is 794 km and it is well connected by roads and railways viz. NH-37, NH-51 NH-62 and NF Railway. The district head quarter Goalpara town can be reached by roads from both sides of River Brahmaputra. The Naranarayan Setu(Bridge) over the river Brahmaputra has connected both the banks, Facilitating better communication and transport. The Goalpara town is Situated at 150 km west of Guwahati and connected with NH-37. The NH-62 leads to Meghalaya from Dudhnoi.

1.2 TOPOGRAPHY

Topographically, the district is almost flat plain except for few low forested hills that break the monotony of the terrain. The geographical location of the district is between latitude 25° 53' & 26° 30' North and longitude 90° 07' and 91° 05' East. The topography of Goalpara District is generally characterized by cultivable plains except for few low- forested hills. The main tributaries of the Brahmaputra River following through the district are Dudhnoi, Krishnai, Jinjiram, jinari and Deosila. The River are all perennial in nature. Natural lake such as Urpada Beel, Hasila Beel, Kumuri Beel and Dhamar Risan Beel exist in the district and several other artificial ponds are also seen. There are a number of reserve and proposed reserve forest in the district.

1.4 FOREST

There are a number of reserve forests and proposed reserved forests in the district. The forest covered in the district is estimated to be 35061.08 hectares, i.e. 20.1 percent of its geographical area.

1.5 ADMINISTRATIVE SET UP

The Deputy Commissioner is the Head of the District administration. Goalpara town is the Head Quarter of the district. At present there is only one sub-division. The district has 5 revenue circles namely, Lakhipur, Balijana, Matia, Dudnoi and Rangjuli. and 8 Community Development Blocks: Rangjuli, Kushdhowa, Matia, Krishnai, Balijana, Kharmuza, Lakhipur and Jaleswar. There are four Assam Legislative Assembly constituencies in this district, Dudhnoi, Goalpara East, Goalpara West, and Jaleswar. Dudhnoi is designated for scheduled tribes. Dudhnoi is in the Gauhati Lok Sabha constituency, whilst the other three are in the Dhubri Lok Sabha constituency.
