Brief Industrial Profile of Hailakandi District

1. GENERAL CHARACTERISTIC OF THE DISTRICT

The District is located in the Barak Valley region of south Assam in the North East Region of India. The land is characterized by wide arrays of hilly terrains in the south and south-east by the Mizoram Hills, plain lands and rivers. Hills in the borders and Valleys are two prominent identities of the district.

1.1 LOCATION & GEOGRAPHICAL AREA

The District of Hailakandi is bounded by the river Barak and Cachar district in the north, in the east by Cachar district, in the south by the state of Mizoram, and Karimganj district in the west. The area falls in latitude 24.39 – 25.0 N and longitude 92.35 – 92.75 E. Total Geographical area of the district is 132700 Hectares.

1.2 TOPOGRAPHY

District's topography shows the positional features of the district, showing its border with various states and districts located in the North East part of India. The prime geographical character that forms the topographical features of Hailakandi, a part of the Barak Valley, is the river Barak and its tributaries. These rivers spread rich alluvial plains across the length and breadth of three southernmost districts of Assam.

The agricultural fields of the district are specially blessed by the river. Being divided into several rivulets and streams, the river as a whole makes the land suitable for agricultural production. Adding the alluvial soil, river directly helps in increasing the crop growth.

The topography of the district also featured through some quaint hills that exist in the south like Mizoram hills that act as boundary indicators. As a whole, the district's topography resembles the varied landscape characteristics of the state.

1.3 AVAILABILITY OF MINERALS

No major or minor mineral of economic use is available in the district.

1.4 FOREST

The district of Hailakandi having a total forest covers of 78315 Hectares. The Forest comprises of 78145 Hectares of Reserve forest and 170 Hectares of proposed reserved forest. The total forest area does not include unclassified State Forest.

1.5 ADMINISTRATIVE SET UP

The Head of Administration of the District is the Deputy Commissioner (DC), appointed by State Government. DC also acts as the Collector in case of Revenue matters, as District Magistrate in case of maintenance of law & order, as District Election Officer in case of conduct of an Election, and so on.

The District Commissioner is having in his office Additional District Commissioners, Extra Assistant Commissioner, and others to assist.

The District is composed of Sub-Divisions headed Sub Divisional Officer and several Circles (composed of a number of villages and town) headed by a Circle Officer. A Village has nominal appointed head called the Gaonbura. Towns have elected or persons appointed by State/District Administration.

4.1 Detail of major clusters: NIL

4.2 Details for identified cluster

Name of the cluster: Sital Pati Cluster, Katakhal, Dist. Hailakandi, Assam

1.	Principal product manufactured in the cluster	Sital pati
2.	Name of the SPV	Katakhal Patikar Cooperative Ltd.
3.	No. of the functional units in the clusters	About 300 artisanal units
4.	Turnover of the clusters	150 lacs per annum
5.	Value of exports from the cluster	Nil
6.	Employment in the cluster	1000
7.	Average investment in plants & machinery	Rs,1000.00
8.	Major issue / requirement	Sourcing of raw material and accessories for diversified products; quality standard
9.	Presence of capable institutions	Bank
10.	Thrust area	Marketing
11.	Problems constraints	Transportation problem, Marketing, Majority of artisan families coming under BPL thus having linkage problem

Present status of the cluster:- an artisanal cluster of mat weaving (manual weaving)

- i) Awareness on maintaining proper size & specification of sital pati increased resulting in higher returns;
- ii) Other than the traditional sital pati mats, various diversified, utility and decorative products developed;
- iii) Awareness on design developed; iv) Market base enlarged.

However, due to transport bottleneck facing marketing problem outside North East Region.

5. General issue raised by industry association during the course of meeting

1. Easy financial credit terms, easing collateral security.
2. Development of infrastructure like road and rail as condition is very poor
3. Improvement in power/electricity, frequent power cuts is a major problem
4. Development of product wise testing facilities
5. Market development.
