Brief Industrial Profile of Madurai District

1. General Characteristics of the District

Historical Background:

Madurai, the capital city of Madurai district, is situated in the bank of the river Vaigai. It is an ancient city known for its age old legacy and agile of contemporary modern lifestyle - unique place for workshop and the Modern-day of living. There is an interesting tale behind the city. The enchanting fragrance of Jasmine flowers all around Madurai gives one an enthralling warm welcome into the town.

Madurai is the third largest city and the second largest municipal corporation in Tamil Nadu.

The city is closely associated with Tamil language the Tamil Sangam were held at Madurai.

Madurai is also called by different names like "City of Jasmine" (Malligai maanagar), "Temple City" (Koil maanagar), "City that never sleeps" (Thoonga nagaram) and "City of four junctions" (Naanmada koodal).

History of Madurai goes back to the 3rd century BC and the city is mentioned by Megasthenes.

The city was the principal administrative and cultural centre of the Pandyan dynasty which ruled over the southern parts of Tamil Nadu and Kerala till the first half of the 14th century AD.

In about 1311, the Pandian dynasty was overthrown by the Delhi Sultanate which established the province of Ma'bar

Madurai was later on absorbed into the Vijayanagar Empire. The viceroys of the Vijayanagar Empire established the Madurai Nayak kingdom and ruled as independent kings from 1559 to 1736. After a brief period of occupation by Chanda Sahib and the Carnatic kingdom, Madurai was annexed by the British East India Company in 1801.

GENERAL PROFILE:

1.1 Location & Geographical Area.

Existence of Industrial estate attracts investment opportunities. The Tamil Nadu Small Industries Development Corporation (SIDCO) is the agency for establishing and maintaining industrial estates for tiny and small-scale industries in this district/state. A review of the industrial activities that is taking place in and around Madurai, Thirumangalam and Melur reveals that the fact that Tamil Nadu government may establish a SIPCOT industrial complex in the region to further trigger the industrial growth..

Recently one industrial estate has been setup at Urangampatti with 150 sheds under Integrated Infrastructure Development Programme (IIDP). There are 5 industrial estates in this district. Apart from the estates listed below the rest are functioning under Pvt./Cooperative sectors

3. INDUSTRIAL SCENERIO OF Madurai District

The growth of small-scale industries in the industrial map of Madurai district shows the concentration of industries in a few areas/ pockets like Madurai, Thirumangalam and Usilampatty. The other areas of the district have got less significance. The foot loose industry is the single most enterprises still dominating the district. Economy. The location of industries is the prime task. Instead the district economy has managed to turn its fate and now ranks top among the most industrial centres in Tamil Nadu, accounting for a sizeable part of the State's revenue. Though the industrial growth is confined to few pockets, existing industrial climate will give a way to attract new investment opportunities in Engineering, chemical, readymade garments, paper and textile industries in this district.

The important features of small-scale industries in this district are

- ! Major concentration of industries found clustered in and around Madurai, Thirumangalam and Usilampatty.
- ! chunk of Agricultural implements manufacturing industries are clustered in Melur.
- ! Food Products, Textile machinery, Garments, Chemical, Stove & Spares units are concentrated in Madurai.

Knitted Garments industries are concentrated in Urangampatti

3.1 Industry at a Glance

An analysis of the growth of small scale sector reveals that the significant change in structure and pattern of the industrial development have taken place within the small scale sector in the district.

Promising changes in structure and pattern of industries have made a noticeable impact on the production front. However, the expansion of industrial activities has not brought any significant and desirable changes in the composition and cluster of industries in this district. Some old industrial groups like Agriculture implements, Iron wares units are still fighting for retaining their position in the competitive environment. Electronic and software are the recently emerging sectors in Madurai district. After 2005, the MSE enterprises in Madurai District had gone through transition under group initiatives. Cluster Movement has encouraged MSE players to create common assets and supported them to scale up their operation under innovative drive

3.5 Major Exportable Item

Granite, auto components,

3.6 Growth Trend

Promotion of MNCs and LMC depends on creation of new industrial big industrial estate and SEZ in these regions. The growth this moderate in respective of plastic, engineering and textile industries

3.7 Vendorisation / Ancillarisation of the Industry

Good scope exists for ancillarisation and vendor support for Heavy engineering Fabrication, Textile, and Rubber and Auto component based enterprises. Consortium has been established by group of players from engineering enterprises to establish support has already been established for TVS groups

3.8. Medium Scale Enterprises

Large and medium scale enterprises are mostly concentrated in the Madurai, Thirumangalam region.

3.8.1 Major Exportable Item

Textile , granite, auto components,

3.9 Service Enterprises

Madurai district is witnessing a strong presence of service enterprises and foot loose industries. Major contribution has emerged from service enterprises. However, they have not been evenly distributed accorss the district.

The following service enterprises are having visible presence in Madurai regions

BOP, Hotel, Hospitality enterprises, Hospital, restaurant, Industrial consultancy, educational instructions ,web site developing, two-4 wheelers servicing and repairing, tutorial, BPO, private telephone, Marriage Bureaus, electric and electronic goods servicing and repairing, Travel Agency, Gas Agency, Construction consultancy, Marriage items hiring, industrial Testing Labs. Advertising Agencies. Marketing Consultancy. Typing Centres. Desk Top Publishing. Internet Browsing/Setting up of Cyber Café Auto Repairs, Services, Garages, Laundry & Dry, X-Ray clinic. Cleaning. 4. Existing Clusters of Micro & Small Enterprise

4.1 DETAIL OF MAJOR CLUSTERS:

Under cluster model, firms are co-located in a special geographical area and produce and sell a range of related or complementary products and thus face common challenges and opportunities. Few groups from the specific domain intend to join with like minded firms to launch joint development projects with mutual co-operation for very co-existence.

They are all complementing each other and would like to specialize their activities and operations with the support of cluster partners in order to overcome common problems, achieve collective efficiency and penetrate markets beyond their individual reach. Madurai District witnesses the presence of more than 23 Rural Industrial Cultures, Artisan clusters to Modern industrial clusters. Most of the RI and Artisan clusters are in extinct stage whereas, the modern emerged MSE clusters are vibrant. They are all induced cluster appeared in and around Madurai in the past 2 to 3 decades. The status of the MSE clusters are exhibited below

Present status of the cluster :- Very active. CFC proposal has already been submitted by SPV and Gol has given in principle approval in the 30th steering committee.

repacking of agriculture produce

5. General issues raised by industry association during the course of meeting

Inconsistent supply and control of raw material Mould designed with latest technology, obsolete technology, shortage of skilled manpower. Etc.

5.Suggestion of Industrial associations

Validation of the industrial potential survey was held on 8.8.2012 at MADITSSIA Hall in the presence of all stakeholders like Industrial Associations -State and District level, Product specific associations, lead bank rep., GM DIC, academicians, NGOs, Research Institutes etc. About 60members participated in the validation event. The suggestions given by the District industrial assertions in highlighted below

1. Creation of Common display centre within SIDCO industrial Estate, Industrial Association and DIC
2. Fund support for undertaking ad hoc studies
3. Skill upgradation – participatory model Industry- Institution – MSME –DI - E & T programmes may be allowed to conduct by Industrial association and MSE by themselves
4. Project specific allocation for introducing hybrid business development for Tribal, Rural and artisan clusters.
5. Fund support may be extended to group of MSME players for promoting common Brand
6. Sops to the MNCs and Big players for marketing the products produced by Micro and small enterprises
7. Fund support for ICT intervention by the cluster members
8. Fund support with venture capital providers for high end R & D based start-ups under NMCP Scheme
9. Scope of the Design clinic scheme of NMCP may be allowed for R & D and Innovation and product development

10. Establishing Industrial Township
11. Establishing more Common Facility
12. Establishing Common display centre under PPP mode at regional or district level
13. Tax sops to the MNC and undertaking to establish own ancillary MSME estates within their premises or near by premises for attracting best MSMEs for ancillary support
14. Construction of multi purpose Modern Marketing centre's within the Field office MSME-DIs, DICs, NSIC other related institutions for multi brand marketing support for the MSMEs (almost all the centers are located in the prime centres)
- 15.
16. Margin Money support for procuring land and establishing work shed for Rural Industrial Cluster and Traditional Cluster and Tribal for establishing common production and display centres
17. Selection of Technology Level and CFC components may be decided by the state level high power committee rather than by technical division at DC,MSME alone
18. Common package for dovetailing all the DC,MSME schemes at District Level and even fund allocation at District Level based on concentration of MSMEs
19. Conducting sicker unit rehabilitation studies.
20. E-club scheme may be allowed to be conduct by industrial associations and product specific cluster members.
21. Liberal fund support for undertaking Business visits and participation of E-club members.
22. More support from NSIC, Re introduction of hire / purchasing scheme
23. Launching Exist Policy at the earliest.
24. Creating Risk fund for Innovation and R & D
25. Creating technology transfer centre at DIC, MSME-DI and Association Level by integrating R &D institutions, Engineering Colleges and MSME players.
26. Compulsory funding to MSMEs by SIDBI
27. PMEGP scheme may be revised and KVIC may be allowed to fund only rural enterprises and State May be permitted to implement the scheme for promoting more MSEs at regional Level.
28. Creating common software for tracing the industrial sickness
29. Fund support for undertaking product specific studies, Industrial estate studies , sick unit studies regularly by Industrial association
30. Conducting integrated modular rural development programmes.
31. Establishing SIPCOT complex
32. Creating Land Bank for industrial Development purpose
33. linkages between MSEs and R & D institutions
34. Tax sops to the MNC undertakings to establish own ancillary MSME estates
35. Creating technology facilitation centres at Industrial Estate Level.
36. Establishing Business Incubation within the premises of Industrial Estates
37. Compulsory participation and involvement of Industrial associations in selection of IB centers and in selection of Business ideas by hosting institutions
38. Construction of multi purpose Modern Marketing centre's within the Field offices i.e. MSME-DIs, DICs, NSIC and other related institutions for multi brand marketing support for the MSMEs (almost all the centres are located in the prime centres)

- 39. Preparation of need based project proposals for establishing Medium scale enterprises
- 40. Undertaking skill upgradation training for the rural folk
- 41. Creation of multifunctional service centre
- 42. Adoption of rural hubs by financial institution
- 43. Creation of multiple linkages with educational institutions, R &D centres,
- 44. Developing forward linkages with user groups
- 45. Conducting mass outreach programmes with the support of IT tools
