**3.5 Major Exportable items:** granite slabs, polished stones, rice,

**3.6 Growth trend:** As per Govt of AP statistics collected from time to time, there were 54 Large and Medium industries in the district in the year 2000. This has reduced to 39 now. This may be due to many Medium scale industries coming into the MSME fold.

**3.7 Vendor/ Ancillarization :** Kurnool district has a number of Oil mills, textile mills, stone polishing units, cement plants, and chemical industries. MSE units may benefit from the backward and forward linkages that these units provide. There is scope for manufacture of spares and components of these firms, and manufacture of essential parts like bearings, bolts and nuts, abrasive materials, grinders, industrial gloves, effluent treatment plants etc.

### **3.8 Medium scale units**

Prior to MSMED Act, in 2006, Medium scale units were not particularly defined. After 2006, no Medium scale units have been registered in the district

**3.8.1 List of units.** The list of Medium scale units is included in the table given at 3.4 above

**3.8.2 Major Exportable items:** Polished slabs ( esp Bathemcherla variety), rice, etc
