5. General Issues raised by industry association during the course of meeting

Mehsana District is near to Ahmedabad and main problems of MSE Sector are high rate of electricity and Shortage and irregular supply of power, lack of working capital funds, scarce raw material and skilled labour are some of the problems faced by the MSE units. Major constraint faced by GIDC Estates is water shortage. Availability of potable water and water for industrial use poses a problem. High cost of plots, as a result of high purchase prices are also a constraint in industrial development.
