Brief Industrial Profile UT of Puducherry

(includes Puducherry, Karaikkal, Mahe & Yanam)

1. General Characteristics of UT of Puducherry:

The Union Territory of Puducherry comprises the former French establishments of Puducherry, Karaikal, Mahe and Yanam, which lie scattered in South India. Puducherry, the capital of the Territory was once the original headquarters of the French in India, is situated on the Coromandel Coast of the Bay of Bengal and is about 135 kms. from Chennai. It is bounded on the east by the Bay of Bengal and on the three sides by Tamil Nadu. About 130 kms. south of Puducherry on the East Coast lies Karaikal. Mahe is situated on the Malabar coast on the Western Ghats surrounded by Kerala and is about 70 kms. from Calicut. Yanam is situated adjoining the East Godavari district of Andhra Pradesh and is about 200 kms. from Visakhapatnam. The main languages spoken here are Tamil, Telugu, Malayalam, English and French.

All the regions of Puducherry were under the French rule for 138 years. On November 1, 1954, the French possessions in India were de facto transferred to the Indian Union and became a Union Territory. But only in 1963, Puducherry became officially an integral part of India. Pondicherry is a peaceful city. It is referred by names such as 'Quintessence of French Culture', 'India's Little France' and 'The French Riviera of the East'. Still it has the French flavor in it as one can see by the grand colonial mansions, beautiful boulevards, and placid promenades, spellings on sign boards and buildings, names of roads and public places.

1.1. Location & Geographical Area:

The Puducherry area is said to mark the northern limit of the sediments laid down during the great Cenomanian marine transgression along the east coast of South India. The coastal border has a length of 22Km, with a breadth ranging from four to six hundred metres. Superficially, the coast is flat and sandy.

Karaikkal: Forming part of the fertile Cauvery delta, the region is completely covered by the distributaries of Cauvery. Covered completely by a thick mantle of alluvium of variable thickness, the lie of region is flat having a gentle slope towards the Bay of Bengal in the east. It is limited on the north by the Nandalar and on the South – east by the Vettar.

Yanam:The region is bounded on the East and South by River Godavari which discharges itself into the Bay of Bengal after flowing about 14 Km. towards South – east. The town of Yanam is located at a spot where the River Coringa and the Godavari separate to divide the region in two parts, one on the east and the other on the west. The entire region is composed of a flat, monotonous terrain without any distinct topographical feature.

Mahe:Mahe is a small area bounded on the South – west by Arabian Sea, on the North by the River Ponniyam (Moolakadavu) and on the other sides by a stretch of Calcareous hills of medium height which are linked to the ghats by a series of wooded hillocks. The Centre is represented by the lieutenant governor. The central government is more directly involved in the territory's financial well-being unlike states, which have a central grant that they administer. Consequently, Puducherry has at various times, enjoyed lower taxes, especially in the indirect category. According to the Treaty of Cession of 1956, the four territories of former French India territorial administration are permitted to make laws with respect to specific matters.
