FOREWORD

The Micro, Small and Medium Enterprises (MSME) sector has been recognized as an engine of growth all over the world. The major advantage of this sector in India is its employment potential at low capital cost. The labour employment in MSME sector is much higher than that of the large enterprises. The MSMEs constitute over 90% of total enterprises in most of the countries with the highest rate of employment growth and a major share of industrial production and exports. In India, MSMEs play a pivotal role in the overall growth of economy. With its agility and dynamism, the sector has shown admirable innovativeness and adaptability to survive in the recent economic recession.

Haryana has taken lead in terms of planned industrial and urban growth compared to neighbouring States, which has resulted in development of new industrial estates including product specific clusters close to the National Capital. The New Industrial Policy launched in August, 2015 of Haryana will boost the growth of MSMEs in the State and open new avenues for cluster development as well. It is hoped that the entrepreneurs will find this document useful for taking investment decisions, besides proving immensely helpful information to various agencies engaged in the promotion and development of MSMEs in the state.

I appreciate the efforts put in by Shri M. K. Verma, Assistant Director (IMT) in preparation of this document. I am also thankful to various government departments, industrial associations and other agencies for giving information and data for compiling this document. Some data has also been obtained from the websites of concerned departments.

Brief Industrial Profile of Panipat District

1. General Characteristics of the District: is one of the 21 districts of Haryana state in of in northern India. The historical town of Panipat is the administrative headquarters of the district. The district occupies an area of 1268 km². **Panipat district** was carved out from the erstwhile Karnal district on 1 November 1989. On 24 July 1991 it was again merged with Karnal district. On 1 January 1992 it again became a separate district. The district is divided into two sub-divisions: Panipat and Samalkha, which are further divided into three tehsils: Panipat, Samalkha and Israna. There are four Vidhan Sabha constituencies in this districts: Panipat Rural, Panipat City, Israna and Samalkha. All of these are part of Karnal Lok Sabha constituency. According to the 2011 census Panipat district has a population of 1,202,811. This gives it a ranking of 396th in India (out of a total of 640). The district has a population density of 949 inhabitants per square kilometre (2,460 /sq mi). Its population growth rate over the decade 2001-2011 was 24.33 %. Panipat has a sex ratio of 861 females for every 1000 males, and a literacy rate of 77.5 %. According to the legend, Panipat was one of the five cities (prasthas) founded by the Pandava brothers during the times of the Mahabharata; its historic name being Panduprastha. Panipat was the scene of three pivotal battles in Indian history. The First Battle of Panipat was fought on 21 April 1526 between Ibrahim Lodhi, Sultan of Delhi, and the Timurid warlord Zaheeruddin Babur. Babur's force defeated Ibrahim's much larger force of over one lakh (one hundred thousand) soldiers. This First battle of Panipat thus ended the 'Lodi Rule' established by Bahlul Lodhi in India. The Second Battle of Panipat was fought on 5 November 1556 between the forces of Akbar and Samrat Hem Chandra Vikramaditya, a King of North India, who belonged to Rewari in Haryana and had captured the large states of Agra and Delhi defeating Akbar's forces. This king, also known as Vikramaditya had won 22 battles against the Afghan rebels from 1553–1556 from Punjab to Bengal, and had his coronation at Purana Quila in Delhi on 7 October 1556 and had established 'Hindu Raj' in North India, before the 2nd battle of Panipat. Hem Chandra had a large army, and initially his forces were winning, but suddenly Hemu was struck by an arrow in the eye and he lost his senses. On not seeing him in his howdah on the back of an elephant, his army fled. He was later captured and beheaded by the Mughals. His head was sent to Kabul to be hanged outside Delhi Darwaza and torso was hanged outside Purana Quila in Delhi. This Second battle of Panipat thus ended the 'Hindu Raj' established by Hemu in north India, albeit for a short period. The Third Battle of Panipat was fought in 1761 between the Afghan invader Ahmad Shah Abdali and the Marathas under Sadashivrao Bhau Peshwa of Pune. Ahmad Shah won but with a very heavy casualty rate on both sides. It resulted in the worst defeat of Marathas in their history. The war led to a power vacuum which later led to the British conquest of India. The famous Urdu shayar Maulana Hali was born in Panipat.

Panipat district first came into existence on November 1, 1989. It was carved out of karnal district. It was merged again with Karnal district in the year 1991. The district status to Panipat sub division of Karnal was again restored on First of January, 1992. The district has one sub divisions namely Panipat and Five development blocks

namely Panipat, Samalkha, Mathloda, Issrana and Bhapoli. It is located at 29.80 N parallel and 76.380 E meridian, with an average elevation of 220 M (721 feet). This city has strategic location at National Highway No. 1, just 89 Km. from the national capital. The city has one of the best rail and road connectivity to the state capital Chandigarh and other important commercial hubs of the adjoining states... Panipat is a historical place and was the gateway of India in medieval times. Three battles were fought here and winner of course occupied the Delhi Throne. Panipat is situated in North Eastern Haryana, flanked by River Yamuna on the eastern border... The Panipat district is surrounded by Karnal in North, Jind in West and Sonipat district in South and Muzaffarnagar district of Uttar Pradesh in the East. It has a total geographical area of 130437.2 hectare. As of 2001 Indian census Panipat had a population of 967449 with a sex ratio of 829. Panipat district has an average literacy rate of 69.17%. The district has adequate drainage facilities. The important Babarpur drain prevents the district from floods. The water of the river and drains can be harvested for crop production.

Climate- The climate of Panipat district is of very pronounced character, sub tropical type i.e. very hot in summer and very cold during winters. Temperature ranges from 1-47 degree Celsius. Average Annual rain fall is 315 mm (Average of last 4 yrs). Topography of the district is plain. Soils are loamy to sandy loam with pH ranging from 7.5 to 10.0 (in certain pockets of the district).

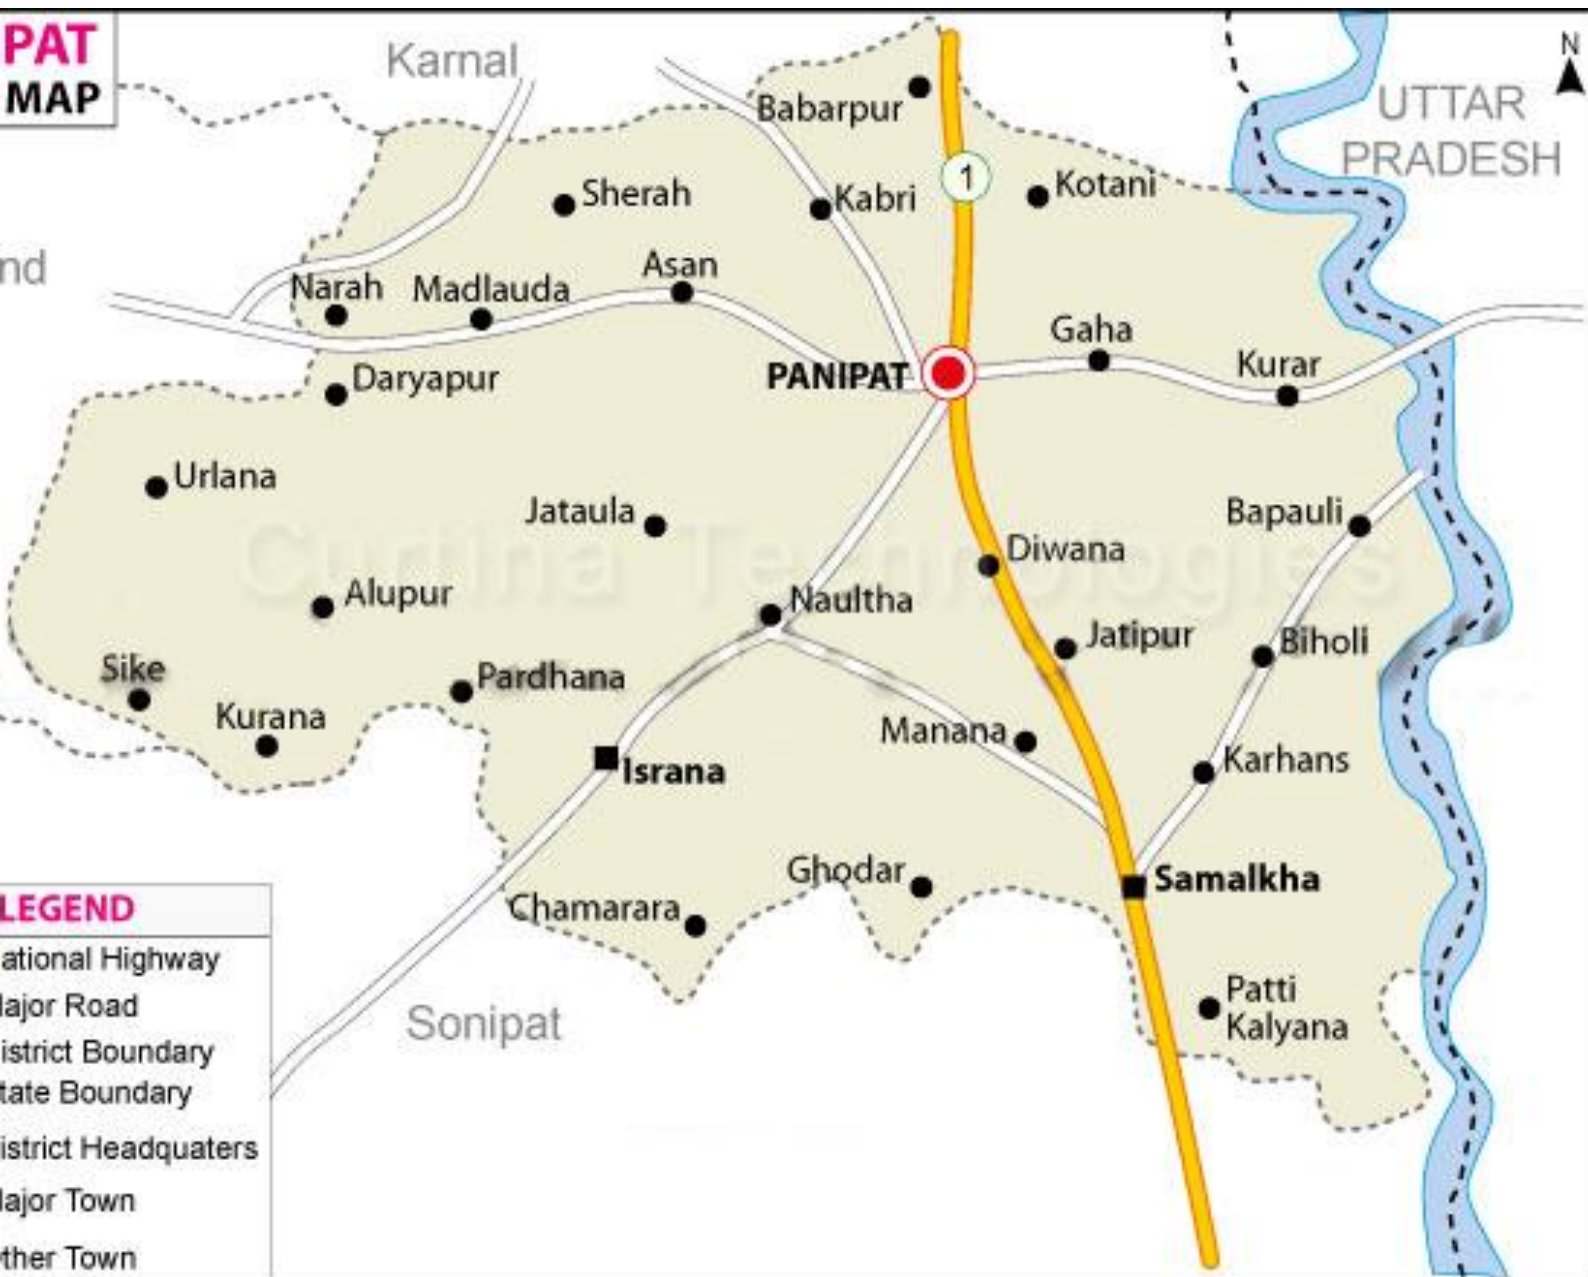

Crops- Panipat is situated in the heart of green revolution belt of the state. Rice – wheat cropping system dominates with the consequent marginalization of pulses and oilseed. The average yield of rice and wheat are 2738 Kg and 4477 Kg per hectare respectively. The other crops grown are sugarcane, oilseeds and pulses. Buffalo is the main milch animal followed by cow. Horticultural and vegetable crops are also cultivated in the district. Agro forestry trees like eucalyptus and poplar are also finding their ways in the farming system

1.1 Location & Geographical Area.

Panipat is located at 29.39°N 76.97°E.[1] It has an average elevation of 219 metres (718 feet). Panipat is situated on Shershah Suri Marg (now known as G.T. road or NH-1), 90 KM north of Delhi. On three sides, Panipat district boundaries touch other districts of Haryana – Karnal in the north, Jind in the west and Sonipat in the south. Panipat district borders the state of Uttar Pradesh across the Yamuna river in the east. Panipat was a part of Karnal district until 31 October 1989. It was separated from Karnal, along with another subdivision, the Assandh tehsil. When the district was reformed on 1 January 1992, the Assandh tehsil was excluded. The newly constructed flyover across the Grand Trunk Road completed in the year 2008 is one of the longest flyovers in India. The three sides of Panipat District touches other districts of Haryana namely Karnal District in the north, [Jind District](#) in the west and Sonipat District in its south and in the east it touches [Uttar Pradesh](#) across [Yamuna River](#). The only perennial river of Panipat District is Yamuna River. Panipat District has a moderate

climate. The climate, being Gangetic type is hot in summer and cold in winter. The coldest month is January and hottest is June. Maximum temperature recorded in the district is around 42 degree Celsius and minimum temperature recorded is around 4.4 degree Celsius.
