Neyveli Lignite Corporation:

Neyveli Lignite Corporation, a Public Sector enterprises incepted in the year 1956 has a chequered history. A pioneer among the public sector undertakings with complex industries under its fold. The main constituents units of the company are Lignite mines, Thermal Power Stations, Fertiliser plant and Briquetting and Carbonization plant. NLC is the only company in the public sector with such diverse production process under one aegis. Both first and second thermal power station consists of 260 Mw. Fertilizer plant with a capacity of urea per annum was commissioned in 1966. This plant is the first of its kind in India to adopt solid fuel gasification for synthesis gas production. Briquetting and Carbonization plant at NLC produced coke from lignite, which is sold under the popular trade name 'LECO'. The coke produced in the plant is extensively used in the industrial sector by virtue of its special properties.
