1. General Characteristics of the District

The district of Gurdaspur came into existence in April 1849, after annexation of Punjab by the British. It had four Tehsils of Pathankot, Gurdaspur, Batala and Shakargarh at the time of Partition of India, Tehsil Shakargarh was included in Pakistan. Two new Tehsils of Dera Baba Nanak and Dhar Kalan were created in 1995 and 1996 respectively. The District Gurdaspur now consists of three Tehsils namely Gurdaspur, Batala and Dera Baba Nanak is spread over an area of 3564 sq. km. According to the census of 2011, the total population of Gurdaspur District is 22,99,026.

1.1 Location & Geographical Area

The district Gurdaspur lies north latitude 31°-36' and 32°-34' and east Longitude 74° - 56' And 75° -24' location wise it is surrounded by Pathankot district, Chamba & Kangra district (HP) from north-east, Hoshiarpur district from South-east, Kapurthala district from south and Amritsar district & Pakistan from the west. The river Beas makes its boundary with Hoshiarpur and Kapurthala districts.

1.2 Topography

All the Tehsils of the district namely Gurdaspur, Batala and Dera Baba Nanak are plain and similar to the rest of the Punjab plains in structure. The landscape of the district has varied topography comprising undulating plain, the flood plains of the Ravi and the Beas and the upland plain. To its south lies an area of about 128 sq. kms which is highly dissected and is an undulating plain. Its elevation ranges from about 305 to 381 metres above sea level. It is traversed by a number of channels and has an undulating topography.

The flood plains of the Ravi and the Beas are separated from the upland plain by sharp river cut bluffs. They are low lying, with slightly uneven topography. Sand dominates in the soil structure of the flood plains, but it diminishes in both quantity and coarseness in the upland plain. The upland plain covers a large part of the district particularly. Its elevation ranges from about 305 metres above sea level in the north-east to about 213 metres above sea level in the

south west, with a gentle gradient of about 1 metre in 1.6 km . This is the most important physiographic unit in the district.

1.3 Availability of Minerals

The minerals found in the district are building stones, foundry sand, saltpeter, etc. A brief account of the occurrence of these minerals is given below:

1.3.1 Building Material- Building material including boulders, shingle, sand, brick-earth, etc. These usually occur at the same place and are found in the ephemeral streams as well as in the perennial streams and on the hill slopes. Bricks-earth is found in enormous quantity throughout the district.

1.3.2 Foundry Sand- Occurrence of foundry sand (which includes moulding and core sand) has been reported from Dharamkot near Batala. The deposits are located 6.5 km west of Batala on the Batala-dera Baba Nanak Road. The sand is exposed on both sides of the road and extends south-wards up to the village Khan Fatta, at a distance of about 3 km from Dharamkot. The Dharamkot sand is natural moulding sand, containing about 20 per cent of clay. Another deposit of natural moulding sand occurs at about 6 km from the Batala on the Batala-Qadian Road. The sand gives a yellowish tinge on the surface but is reddish brown at about one more depth. The Deposit is about 4 metres thick. At Bhagwanpur, a sand deposit occurs about 15 km west of Batala on the Dera Baba Nanak-Road. The sand deposit, about 10 km from Gurdaspur on the Gurdaspur-Naushehra Road, contains 20 per cent clay.

1.3.3 Saltpetre- Saltpetre occurs in the district at the village of Thikriwala, Lamin and Pandori in Tahsil Gurdaspur and Dhawan, Chataurgarh and Badowal in Tahsil Batala.

1.4 Forest

The forest covers an area of 342 Square Kilometer in 2010-11 extending over 9.6 % of the total geographical area of the district.

1.5 Administrative set up

For administrative purpose, the district has been divided into 3 Tehsils namely Gurdaspur, Batala & Dera Baba Nanak and 8 sub-tehsils namely Kahuwan, Kalanaur, Dinanagar, Naushehra Majha Singh, Dhariwal, Shiri Hargobindpur, Quadian & Fatehgarh Churrian. And 11 blocks namely Kalanaur, Fatehgarh Churrian, Batala, Shiri Hargobindpur, Dinanagar, Kuhuwan, Dhariwal, Gurdaspur, Quadian, Dera Baba Nanak & Dorangla. As per information available from Economic & Statistical Organisation, Punjab, there are 1539 inhabited villages in the district.

Source: DIC Batala (Gurdaspur)

3.5 Large Scale Industries / Public Sector undertakings

3.5.1 List of the Large Scale Enterprises/PSUs:

- M/s New Egerton woolens mills Branch, G.T. Road Dhariwal, Gurdaspur
- M/s The Batala Co-operative Sugar Mills Ltd., Batala
- M/s Punjab State Co-operative Milk Products Federation Limited Cattle Feed Plant, V.P.O. Ghaniake Bangar, Tehsil Batala.
- M/s Gurdaspur Co-operative Sugar Mills Limited, G.T. Road Paniar, Gurdaspur
- M/s The Gurdaspur District Co-operative Milk Producers Union Limited, Milk Plant Gurdaspur
- M/s Abhinav Cot Spin limited Focal Point, Batala
- M/s Kisan Dudh Udyog Limited, Vill Thriwal, Tehsil Batala, Gurdaspur

3.5.2 Major Exportable Items:

Major exportable items under large scale industries are Rice, Sugar and Knitting Yarn etc.

3.5.3 Growth Trends:

In recent past decade, the investment in large scale sector was observed in the field of Sugar mills & Rice mills etc. The growth trends are very slow due to Chinese bulk imports.

3.5.4 Vendorisation / Ancillarisation of the Industry

The major investment in large sector is in agro & food sector for which bulk purchases are made from local suppliers. The more investment in large sector shall provide more opportunities for vendorisation in MSE sector.

3.6 Medium Scale Enterprises

3.6.1 List of the units of Medium Scale Enterprises:

- M/s J.R. Agro Tech (P) Ltd. Dadwan Road, Vill. Awakha

3.6.2 Major Exportable Items

The major exportable items are Rice/Basmati Rice

3.7 Service Enterprises

3.7.1 Existing Service Sector:

The service industry of Gurdaspur district mainly includes repair & maintenance of personal and house hold goods, Computer Education Center & related activities, Hotel Restaurant services, Telecommunications, Supporting and auxiliary activities and other business activities etc.

3.7.2 Potentials areas for service industry

- Hotel & Restaurant services
- Computer Education
- Designer Boutique
- Beauty & Health care
- Coaching Centers
- Transportation
- Mobile Repairing
- Printing
- Maintenance of personal and house hold goods
- Repair of Motor Vehicles
- Repair of Agriculture Implements

3.8 Unregistered for New MSMEs

The data on unregistered sector in Gurdaspur district was not readily available with DIC. However, it is informed that the unregistered MSME sector in the district is dominated by service enterprises which has majority of repair of personal and household goods units and agricultural implements based micro units. The unregistered sector in the district produces goods & services pertaining to different industrial groups such as Food & Beverages, Readymade Garments & Hosiery, Wooden Products, Paper Products & Printing, Leather Goods, Rubber & Plastic Products, Chemical & Chemical Products, Non-metallic Mineral Products, Mechanical Products, Electrical Machinery & Apparatus, Machinery & Parts, Repair & Services and Transport Equipment & Parts etc.

3.9 Potential for New MSMEs

- Biscuits And Bakery Products
- Ice Cream & Ice Candy
- Wooden Furniture & Fixtures
- Paper Bags
- Confectionery Items
- Tyre Retreading
- Steel Furniture
- Parts of Industrial Machinery
- Packaging Materials
- Agriculture Implements
- General Engg Workshop
- Milk Products
- Book Binding
- Tissue Paper Napkins
- Cement Bricks & Blocks
- Building Hardware Items
- Rolling Shutters
- Cosmetics

4. Existing Clusters of Micro & Small Enterprise

4.1 Detail of Major Clusters

4.1.1 Manufacturing Sector

The district has identified following clusters.

1. Batala Machine Tools, Batala
2. Foundry Cluster, Batala

4.1.2 Service Sector:

1. Repair & Service of Household items and Agriculture implements

4.2 Details for Identified cluster:

The district has no identified cluster

5. General issues raised by industry association during the course of meeting

- Problem of Competition from other neighboring states like J&K and H.P. they provide special package.
- No direct rail link between Batala and major cities of the country.
- Reconstitution of MSEFC in the state of Punjab at the earliest.
- Non reorganization of EM-II acknowledgment by some of the state government agencies.
- Bankers avoid to accept the cases under CGTMSE specially for the new entrepreneurs and insist for the collateral security.
- Large steel producers are supplying raw material on bulk orders. Micro & small units face difficulty in placing bulk order due to lack of finance.

6. Institutional Support

S.No	Name of agencies	Type of assistance
1.	District Industries Centre (DIC)	Provisional Registration Certificate (EM-1) & Permanent Registration Certificate (EM-II)
2.	District Industries Centre, MSME-Development Institute	Identification of Project Profiles, techno-economic and managerial consultancy services, market survey and economic survey reports.
3.	Punjab Small Industries & Export Corporation (PSIEC)	Land and Industrial shed
4.	Banks, District Industries Centre (DIC), Khadi & Village Industries Board (KVIB), Small Industries Development Bank of India (SIDBI)	Financial Assistance
5.	National Small Industries Corporation (NSIC), Steel Authority of India (SAIL), Punjab Small Industries & Export Corporation (PSIEC)	For raw materials under Govt. Supply
6.	National Small Industries Corporation	Plant and machinery on hire/purchase basis.
7.	Punjab State Power Corporation Ltd.	Power/ Electricity
8.	District Industries Centre (DIC), MSME-Development Institute	Technical Know-how
9.	Bureau of Indian Standards (BIS)	Quality & Standard
10.	National Small Industries Corporation (NSIC), District Industries Centre (DIC), Director General of Foreign Trade (DGFT), MSME-Development Institute	Marketing /Export Assistance
