# **Brief Industrial Profile of Panchkula District**

## **1.1 Location and Geographical Area**

Panchkula is newly formed 17<sup>th</sup> district of Haryana State. Panchkula has been adorned the status of a district on 15<sup>th</sup> August 1995 by carving out the development blocks of Pinjore, Raipur Rani, Morni & Barwala from Ambala District. Panchkula is located in the north of Haryana state. It is surrounded by Patiala district of Punjab and UT Chandigarh in the West; Solan and Sirmour district of Himachal Pradesh in the North and South as well as East by Ambala. Panchkula district enjoys the privilege of having the beautiful hill track of Haryana, the only beautiful hill resort at Morni Hills. District occupies a prominent place in the industrial; map of Haryana. It is a satellite city of the Union Territory of Chandigarh. The prestigious Chandimandir Cantonment Headquarters of the Indian Western Command is also located in Panchkula city.

## **1.2 Topography**

The district has a sub-tropical continental monsoon climate where we find seasonal rhythm, hot summer and cool winter, unreliable rainfall and a great variation in temperature. The annual average rainfall of the district is 691.2 mm. The district also receives winter rains from the western disturbance. The rainfall is mostly received in the monsoon. Morni hills constitute the highest point of the district as well as of Haryana. The Ghaggar River is the only perennial river. It is very shallow outside of the monsoons. The rainfall generally restricted to rolling plain in north and north east a doom in Pinjore area and flood plain along the Ghaggar River. The important rivers/streams of the district are Ghaggar, Sirsa, and Kaushalya etc. Generally the slope of the district is from North East to South West and in this direction, most of the rivers rain fed torrents flow down and spread much gravels and pebbles in their beds. A good network of canals is providing irrigation facilities underground water level is not relatively high. Tubewell irrigation is also common in the district. It is one of the prosperous districts from agricultural point of view. The soil in the district are mainly light loam (seoti) piedmont (ghar kandi) Swalik (Pahar), Silticaly (Naili and Chhachhra Dakar) etc. The under ground water in the district occurs under confirmed and semi-confirmed conditions which is generally fresh and suitable for domestic and irrigation purposes. The under ground water level is generally high in the southern parts and low in north and northeast which is hilly tract. The district lies in a region where earthquakes of moderate to high intensity have been felt in the past. Being situated at the Himalayan boundary fault zones it is prone to earthquakes.

## **1.3 Availability of Minerals**

Minerals play an important role in development of industries in area. District Panchkula is rich in respect of Mineral resources. Sand, Bajri, Stone and loamiest are the main mineral available in the district. Ghagar is the only river passes through the district. There is crushing zone having approx. 50 crushers namely “Burj Kotian” near Chandimandir. These stone crushers are supplying building materials to Delhi, Punjab Chandigarh and Panchkula. Mining is band in the district Panchkula due to orders of Hon’ble Punjab & Haryana High Court w.e.f 28-2-2010 to till date.

## **1.4 Forest**

The district has practically no forest except grown by the both sides of roads and canals by govt. departments. However, total area under forest in the district is 384 sq. km. which is about 42.76% of the total geographical area (898 Sq. Kms.) of the district Main trees found in the district are Eucalyptus, Kikar. Shisham, Neem etc.

## **1.5 Administrative Set up**

The total geographical area of the district is 898 Sq. Kms. which constitute 2.03% of the total area of the state. Administratively the district is divided into two sub-divisions namely Panchkula and Kalka, two tehsils namely Panchkula and Kalka, three sub-tehsils namely Barwala, Morni and Raipur Rani. The total 236 villages have been divided into four community development blocks i.e. Barwala, Pinjore, Morni and Raipur Rani. Total number of towns is five.

Total Area (Sq. Km.)	Sub-Division	Tehsil	Sub-Tehsil	Block	Town	Village
898	2	2	3	4	5	236

## 1.6 Other features of the district

### Agriculture

#### Details of main crops sown in the district

S.No.	Crop	Area ( in '000 hectare)	Production (in '000 Tonnes)
<b>Food grains (Cereals)</b>			
1	Rice	8.4	23
2	Wheat	16	38
3	Maize	8	22
<b>Total cereals</b>		<b>31.1</b>	<b>76</b>
4	Pulses	1.7	1
5	Vegetables & Fruits	2.4	NA
6	Sugarcane	0.5	15
7	Oil Seeds	2.5	4.6

**Source** : Deptt. of Agriculture, Panchkula

Total Area of the district is 57000 Hectare and total cultivable area is 34000 hectares which is 59.64% of total Area. Total area under fruits and vegetables is 2400 hectares. Total cropped area is 46000 hectares and total net cultivated area is 34000 hectares which is 135% to net cultivated area. Net Area sown is 24000 hectares and area sown more than once is 22000 hectares. Non agriculture land is 18000 hectares. Net area cultivated is 100% to the total area available for cultivation. Net irrigated area is 5000 hectares which is equal to total net area sown. Total consumption of chemical fertilizers (Nutrients) as on 31-3-2012 is 16870 M.T. There were 14878 no. of tractors in the district as on 31.3.2011. The main crops grown in the district are wheat, paddy, bajra, pulses, oil seeds, onion, potatoes and other vegetables and fruits.

### Irrigation

Agriculture has developed in the district to the desired extent due to availability of sufficient sources of irrigation facilities. Irrigation is done both by tubewells and canals. Sweet water is available in plenty throughout the district. Gross area irrigated is 25000 hectares. Total net irrigated area of the district was 16000 hectares whereas total area irrigated through tubewells and canals was 14000 hectares and 400 hectares respectively. Rest of the area irrigated through other sources. Net area irrigated percentage to net area sown is 66.7.

Gross Area irrigated „000 Hectare	25
Net Area irrigated „000 Hectare	16
% age of Gross area irrigated to total	64.1

cropped area	
% age of Net area irrigated to net area sown	66.7
% age of area sown more than once to net sown area	62.5

## Fisheries

The district has good potential for the development of fish Farming District fisheries development office is located in the district along with their technical staff to assist farmers/needly persons for the development of fisheries in the district Fish production during the year 2010-2011 in the district was 5016 tones. Total area under fish cultivation in the district was 966 hectares. Total fishing licenses issued in the district were 34 nos. Total receipts from fisheries were Rs. 3.79 crores.

## Livestock and Poultry

Dairy farming has been taken up as subsidiary occupation in the district Total animal population of the district as per the special livestock survey 1997 was 3,69,700 nos. There are 2,45,600 poultry birds in the district In milk cattles were 10400 nos. Details of animals have been given as under :

S.No.	Livestock & Poultry	Numbers
1	Cattle	27939
2	Buffaloes	68483
3	Horses and Ponies	137
4	Donkeys	122
5	Mules	231
6	Sheeps	2253
7	Goats	13970
8	Camels	37
9	Pigs	1209
10	Domestic Dogs	5213
11	Poultry	5730293

**Source :** Deptt. of Animal Husbandry, Panchkula

Veterinary facilities are being provided through the existing 11 veterinary hospitals and 16 veterinary dispensaries in the district. Training to the dairy farmers is imparted at National Dairy Research Institute (NDRI), Karnal, Gurgaon and Haryana Agricultural University, Hissar. Pig farming has also been encouraged in the district

## Economy

The district has a mixed type of Economy i.e. coexistence of Agricultural industries and allied sectors. But of a total population, about 34% of its has been enumerated as Main Workers against state average of 29.52%. The district serves as important link between the

hills and the plains. Panchkula Urban Estate, HMT Pinjore and surajpur are important Industrial Centres. District is rich in forest and mineral resources. The major kharif crops are sugarcane, paddy and maize. The major Rabi crops are wheat, barley, gram and oilseed etc. At present, there are 10 large and Medium scale, 1965 Micro and Small and 12 exporting units in the district.

## Human Resources

Total population of the district as on 2011 is 558890 persons. Rural and urban population of the district is 252231 and 306659 persons respectively. Percentage of rural population to the total population of the district is 54.86%. Density of population of the district was 645 persons per Sq. Km whereas it is 573 persons per Sq. Km for the State as a whole. District female population per 1000 males is 870 as compare to state is 877. The decennial percentage increase in population is 19.32% during the period 2001-2011 as compare to state increase is 19.90%.

## Horticulture

The district has rich potential for the development of horticulture. Main fruits grown in the district are mango, guava, citrus, ber, chiku and pear/plums. These fruits available in the district can be utilized for further processing in the industries. Mangos/ Citrus can be used for pickle manufacturing whereas other fruits can be used for other industrial use. Total area under fruit trees was 1048 hectares in the district during the year 2010-11.

## **2.1 Existing Status of Industrial Areas in District Panchkula**

Availability of infrastructure facilities determines the pace of economic and industrial development of an area. An industrial infrastructural facility includes roads, water, transport, communication industrial estates/ areas, technical/management educational institutions etc. These facilities creates healthy industrial environment for industrial development of the district Recently Haryana Govt. recognized the need of creating/developing such infrastructural facilities in the state as a whole. For the purpose state govt. has announced a separate infrastructure development policy. Presently, numbers of projects to create such facilities in the State are under implementation.

### 3.4 Large Scale Industries / Public Sector undertakings

#### List of the units in Panchkula & Near by Area

1. M/s Syschem India Limited, Village-Bargodam, Panchkula
2. M/s Bharat electronics Limited, I/Area, Phase-II, Panchkula
3. M/s Drish Shoes Limited, I/Area, Phase-I, Panchkula
4. M/s Hindustan Machine Tools Limited, (Machine Tools), Pinjore, Panchkula
5. M/s Hindustan Machine Tools Limited, (Tractor Division), Pinjore, Panchkula
6. M/s Surya Pharmaceutical Limited, I/Area, Panchkula
7. M/s Uniroyal Textiles Industries, I/Area, Panchkula
8. M/s Alchemist Hospital, Sector-21, Panchkula

### 3.5 Major Exportable Item: Auto Parts, PCB, Medicines injectable, Connectors, Decorative & Industrial Laminates, Machine Tools, Engineering goods, Leather Shoes, Chemicals, Tractors etc.

**3.6 Growth Trend:** Increasing (12% app.)

**3.7 Vendorisation / Ancillarisation of the Industry:** More than 100 ancillaries units are working with the medium and large industries

### **3.8. Medium Scale Enterprises**

#### **3.8.1 List of the units in Panchkula & Near by Area**

1. M/s Chandika Press, I/Area, Barwala, Panchkula
2. M/s Essen Conectors Limited, I/Area, Panchkula

**3.8.2 Major Exportable Item:** Connectors ( For computers)

### **3.9 Service Enterprises**

1. M/s Alchemist Hospital, Sector-21, Panchkula

#### **3.9.2 Potentials areas for service industry:**

Enterprises like repairing of agriculture implements, agriculture machineries, Automobile workshops, TV and Computer repair centers, Service stations, Repair of electrical Appliances have a very good scope in service industry.

**3.10 Potential for new MSMEs:** Excellent (Both in Manufacturing and Service Sector) Particularly in the area of Automobile & its parts, Tractor parts, Engineering components, Wood/wooden based furniture, Handloom, Readymade garments, Repairing and servicing industry etc.

## **4. Existing Clusters of Micro & Small Enterprise**

### **4.1 DETAIL OF MAJOR CLUSTERS**

#### **4.1.1 Manufacturing Sector**

1. Panchkula Auto Parts Cluster, Panchkula
2. Handloom Weavers Cluster, Raipur Rani, Panchkula

##### **4.2.1 Name of the cluster: Panchkula Auto Parts Cluster, Panchkula**

1	Principal Products Manufactured in the Cluster	Machine Parts, Automobile/Tractor parts
2	Name of the SPV	Panchkula Auto Parts (P) Ltd.
3	No. of functional units in the clusters	305
4	Turnover of the Clusters	Rs. 150 Cr.approx.
5	Value of Exports from the Clusters	Rs. 40 Cr. Approx.
6	Employment in Cluster	Direct =4000 Indirect = 1500
7	Average investment in plant & Machinery	Rs.15 lacs approx.

8	Major Issues / requirement	Sourcing of Raw Materials from far places, absence of common testing facilities, Lower value addition and realization, Limited market Penetration, Lack of Brand Identity, Poor industry- institutional linkage, High packaging cost, Poor efforts on Export Marketing.
9	Presence of capable institutions	HMT (Machines), HMT (Tools) and other tractor industries, MSME-DI, Karnal, NSIC Ltd., Chandigarh, DIC, Panchkula, BIS Chandigarh, SIDBI Chandigarh, HSPCB, Panchkula,
10	Thrust Areas	Testing, Design of products, Heat Treatment, etc
11	Problems & constraints	Cut throat competition outside the country on the imported raw material basically from china. Non Availability of Raw Materials and Testing Facilities.

**Present status of the cluster:** - DSR prepared and DPR under preparation.

#### **4.2.2 Name of the cluster: Handloom Weavers Cluster, Raipur Rani, Panchkula**

1	Principal Products Manufactured in the Cluster	Textile/Handloom
2	Name of the SPV	Handloom weaver Association.
3	No. of functional units in the clusters	388
4	Turnover of the Clusters	Rs. 25 Cr.approx.
5	Value of Exports from the Clusters	Nil
6	Employment in Cluster	Direct =4000 Indirect = 1500
7	Average investment in plant & Machinery	Rs.1 lacs approx.
8	Major Issues / requirement	Sourcing of Raw Materials from far places, absence of common testing facilities, Lower value addition and realization, Limited market Penetration, Lack of Brand Identity, Poor industry- institutional linkage, High packaging cost, Poor efforts on Export Marketing.
9	Presence of capable institutions	MSME-DI, Karnal, NSIC Ltd., Chandigarh, DIC, Panchkula, BIS Chandigarh, SIDBI Chandigarh, HSPCB, Panchkula.
10	Thrust Areas	Testing, Tying and Dyeing, Azo testing etc.
11	Problems & constraints	Cut throat competition outside the country on the imported raw material basically from china. Non Availability of Raw Materials and Testing Facilities.

**Present status of the cluster:** - Ministry of Textile has already taken up the cluster for modernization.

4.1.2 **Service Sector:** No cluster identified in service Sector.

4.1.3 ----- NA -----

**5. General issues raised by Industry association during the course of meeting.**

- a) Non availability of timely and adequate finance
- b) Interrupted power supply
- c) Reduction in taxes
- d) Sound infrastructure like road, water supply, security etc.

## 6. Steps to set up MSMEs

S. NO.	Type of assistance	Name and Address of agency
1.	Product identification	MSME Development Institute, 11-A IDC, Kunjpura Road, Karnal.
2.	Provisional Registration (EM-I) and Permanent registration (EM-II)	District Industries Centre (DIC), Opposite District Court, PANCHKULA
3.	Technical consultancy	MSME Development Institute, 11-A IDC, Kunjpura Road, Karnal.
4.	Factory Accommodation/ Industrial Shed	Haryana State Indl. Development Corporation (HSIIDC), Panchkula
5.	Finance TL & WC	i) Haryana Financial Corporation, PANCHKULA ii) Lead Bank Manager, PNB PANCHKULA
6.	i) PMEGP Scheme ii) Machinery Hire purchase	i) DIC, PANCHKULA ii) National Small Inds. Corporation (NSIC), Chandigarh
7.	Training in Indl. Management &	i) MSME Development Institute, 11-A IDC, Kunjpura Road, Karnal.

	Entrepreneurial Development	ii) DIC, PANCHKULA
8.	Marketing	DIC, PANCHKULA
